The Apple News app running in Dark Mode We have put together a nice screenshot gallery for our readers who are curious to check out the cool dark styling in Apple's own Mac apps, including Calendar, Finder, iTunes, Mail, Photos, Stocks, Home, News, Voice Memos and more.. Hit the Mac App Store and update your apps now It's been a few weeks since Apple announced that macOS Mojave would launch today-- in that time, many app developers have been at work getting their.
