---

Hello everyone Since we launched our original Worship Backing Band Multitrack player we've had lots of our more technical users ask if the instrument stems can used in their favourite DAW software (Pro Tools, Ableton, Logic, Garageband etc).. His church met at a local school before quarantine and currently films services.

New free Ableton patches added regularly! Enter your email below to receive immediate access to all free Ableton Live patches.. Click Tracks For WorshipAbleton Download For MacWe made our own Multitrack player extremely easy to use and because of that we needed to design a bespoke file format to allow users to download songs in a single file without having to do any assembly work or be familiar with and invest in music sequencing DAW software.. If so, here are four benefits to using MultiTracks in worship Tracks that were purchased, downloaded, and stored in a library in Ableton Live.. Oscar Interiano is a worship pastor for a small church plant in Liberty Hill, Texas.
